

SAFETY DATA SHEET

CUSTOMER NAME: Star Nail International, Inc.

PRODUCT NAME: Cuccio Naturale Luxury Spa Milk & Honey Exfoliant Scrub

Page 1 of 7

This form is regarded to be in compliance with 29 CFR Part 1910.1200

SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

Manufacturer's Name : Star Nail International, Inc. Chemical Family :
Address : 29120 Avenue Paine Proprietary Mix
City, State, Zip : Valencia, Ca. 91355 CAS# N/A
Emergency Telephone # 1-800-255-3924 Preparation Date: 01/03/2026

Section 2. Hazards identification

GHS classification

SKIN SENSITIZATION - Category 1
EYE IRRITATION - Category 2B

GHS label element

Hazard pictograms

GHS07

Signal word

Warning

Hazard statements

H317: May cause an allergic skin reaction.
H320: Causes eye irritation.

Precaution Statements

Prevention

P264+P265: Wash hands thoroughly after handling. Do not touch eyes.

P280: Wear eye protection appropriate for the manufacturing operation being performed.

Response

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.

P333+P317: If skin irritation or rash occurs: Get medical help.

Storage

Not applicable.

Disposal

P501 Dispose of contents/container in accordance with applicable regional, national, and local laws and regulations.

Other hazards

Abrasive product

Section 3. Composition/information on ingredients

Chemical characterization

Mixture

Description

Mixture of the substances listed below with nonhazardous additions.

Hazardous components

Chemical name	Weight %	CAS NO.	GHS Classification
Phenoxyethanol	0.7000%	122-99-6	Acute Tox. 4; H302 Eye Irrit. 2; H319
Benzyl Alcohol	0.3045%	100-51-6	Acute Tox. 4; H302, H313, Skin Sens. 1; H317
Fragrance	1.0000%	N/A	Skin Sens. 1; H317
Sodium Hydroxide	0.1600%	8012-01-9	Skin Corr. 1A; H314
Dehydroacetic Acid	0.0280%	520-45-6	Eye Irrit. 2; H319
Titanium Dioxide	0.3000%	13463-67-7	Not hazardous in liquid non-aerosol form

Any concentration shown as a range is to protect confidentiality.

Additional information

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

Description of necessary first aid measures

Eye contact

Rinse opened eye for several minutes under running water. Remove contact lenses, if present and easy to do. Get medical attention if irritation develops and persists.

Skin contact

If skin irritation occurs, wash skin with soap and water. If irritation persists, get medical attention.

Ingestion

Clean mouth with water and drink afterwards plenty of water. If symptoms persist consult doctor.

Inhalation

Not likely to occur under normal conditions of use. Remove to fresh air and get medical attention if symptoms occur.

Section 5. Fire-fighting measures

Extinguishing media

Suitable extinguishing media

Water fog. Foam. Dry chemical powder. Carbon dioxide (CO₂).

Unsuitable extinguishing media

Do not use water jet as an extinguisher, as this will spread the fire.

Special hazards

No flammable or combustible. During fire, gases hazardous to health may be formed.

Advice for firefighters

Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved.

Further information

Prevent fire extinguishing water from contaminating surface water or the ground water system.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions	Keep unnecessary personnel away. For personal protection, see section 8 of the SDS.
Environmental precautions	Collect spillage. Avoid discharge into drains, water courses or onto the ground.
Methods and materials for containment and cleaning up	Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Dispose of in accordance with local regulations.

Section 7. Handling and storage

Precautions for safe handling

Handling	
Precautions for safe handling	No special precautions are necessary if used correctly.
Protection against explosions/fires	No special measures required.
Ventilation	No special measures required.
Storage	Store upright at room temperature. To maintain product quality, do not store in heat or direct sunlight. Keep out of reach of children.
Other Precautions	Avoid bacterial contamination. Keep containers tightly closed when not in use.

Section 8. Exposure controls/personal protection

Control parameters

Components with limit values that require monitoring at the workplace:

No occupational exposure limits established for mixture components.

Appropriate Engineering controls

Respiratory protection	Ventilation systems
Hands protection	Protective gloves
Eyes protection	Protective glasses/eyewash stations
Skin protection	Suitable protective clothing/showers

Personal protective equipment

Eye / face protection	Generally, not required for typical applications as per label directions. Wear tightly fitting safety goggles when handling large amounts of product. Ensure that eyewash stations are close to the workstation location.
Hand protection	Generally, not required for typical applications as per label directions. Wear protective gloves handling large amounts of product. Consult manufacturer specifications for further information.
Skin and body protection	Generally, not required for typical applications as per label directions. Wear suitable protective clothing handling large amounts of product.
Respiratory protection	Generally, not required for typical applications with solutions as per label directions. If engineering controls are not effective in controlling airborne exposure, then an approved respirator with a replaceable vapor/mist filter should be used. Refer to relevant regulations for further information concerning respiratory protective requirements.

SAFETY DATA SHEET

Section 9. Physical and chemical properties

Appearance	Thick scrub with granules
Color	Beige
Odor	Characteristic Fragrance
Flash point	Not flammable
Melting point/range	Not available
Freezing point/range	Not available
pH	5.0-6.0
Viscosity	Not available
Vapor pressure	Not available
Water solubility	Partially soluble

Section 10. Stability and reactivity

Reactivity	No data available.
Stability	The product is chemically stable under standard ambient conditions (room temperature) .
Possibility of hazardous reactions	No dangerous reaction is known under conditions of normal use.
Conditions to avoid	No information available.
Incompatible materials	Avoid strong oxidizers
Hazardous decomposition products	No data available. In the event of fire: see section 5.

Section 11. Toxicological information

Information on toxicological effects

Acute toxicity

Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.
Skin sensitization	Sensitization possible through skin contact.
Ingestion	Ingestion of large amounts may cause gastrointestinal irritation. Expected to be a low ingestion hazard.

Inhalation	May cause respiratory tract irritation. Low hazard for usual industrial handling.
Germ cell mutagenicity	Data is not available.
Carcinogenicity	None of the components is listed as a carcinogen or suspected carcinogen by IARC, NTP, OSHA, or The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65).

Section 12. Ecological information

Ecotoxicity

Aquatic toxicity	Data is not available.
Persistence and degradability	Data is not available.
Bioaccumulative potential	Data is not available.
Mobility in soil	Data is not available.

Additional ecological information

General notes

Not classified as environmentally hazardous. Avoid disposing of large quantities into waterways.

Results of PBT & vPvB assessment	PBT/vPvB assessment not available as chemical safety assessment not required/not conducted
Endocrine disrupting properties	Data is not available.
Other adverse effects	Data is not available.

Section 13. Disposal considerations

Disposal methods	Dispose in accordance with all applicable regulations.
Disposal considerations	Avoid release to the environment. Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not reuse empty containers.

Section 14. Transport information

US-DOT	Not regulated
Proper shipping name	Non-regulated
Hazard class	N/A
IATA (Air)	Not applicable
Proper shipping name	Non-regulated
Hazard class	N/A
IMDG/IMO (Vessel)	Not applicable
Hazard class	N/A

Section 15. Regulatory information

U.S. Federal regulations

TSCA Inventory	All components are listed or exempted.
Superfund Amendments and Reauthorization Act (SARA)	
Section 355	No listed substance.
Section 304	This material does not contain any components with a section 304 EHS RQ.
Section 302	No listed substance.
Section 311/312 Hazard Classes	No listed substance.
Section 313	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
CERCLA Reportable Quantity	This material does not contain any components with a CERCLA RQ.
CWA	This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

State regulations

The Safe Drinking Water and Toxic Enforcement Act of 1986

California Proposition 65:	CALIFORNIA PROPOSITION 65: The following statement is made in order to comply with the California Safe Drinking Water and Toxic Enforcement Act of 1986. This product is not known to the State of California to cause cancer, birth defects or other reproductive harm.
----------------------------	--

National regulations (Germany)

Water hazard class (WGK)	WGK 1 water pollutant (Self-assessment) slightly hazardous to water.
Chemical safety assessment	A Chemical Safety Assessment has not been carried out.
