Flash Point (°F/°C):	Not applicable
Flammable Limit (vol%):	Not applicable
Auto-ignition Temp. (vol%)	None Established
Extinguisher Media:	Carbon Dioxide, Foam, Water Fog and dry chemical
Fire Fighting Instructions:	Wear protective clothing to prevent contact with skin and eyes. Do not release runoff from fire control methods to sewers or waterways.
Fire Fighting Equipment:	Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face piece operated in pressure-demand or positive-pressure mode.

#### Section 6. Accidental Release Measures

Spill or ReleaseNo special precautions necessary. Sweep up to avoid slipping hazard. If molten, allow to cool and<br/>scrape up.

#### Section 7. Handling and Storage

- Handling: Observe precautions found on the label. Wash face and hands thoroughly with soap and water after handling and before eating, drinking or smoking. Avoid contamination. Use only with adequate ventilation.

#### Section 8. Exposure Controls / Personal Protective Equipment

Engineering Controls: Provide exhaust ventilation or other engineering controls to keep airborne concentrations of mists and/or vapors below the recommended exposure limits. An eye wash station and safety shower should be located near the work-station.

#### Personal Protective Equipment

Hand Protection: When handling product at elevated temperatures, use heat-resistant gloves. With product at ambient temperatures, use disposable nitrile, neoprene or butyl rubber gloves with repeated or prolonged use.

# MATERIAL SAFETY DATA SHEET

Body Protection:	Prevent skin contact when handling heated material. Use insulated, heat-resistant clothing such as apron or slicker suit.
Respiratory Protection:	The need for respiratory protection is not anticipated under normal use conditions and with adequate ventilation. If elevated airborne concentrations above applicable workplace exposure levels are anticipated, a NIOSH approved organic vapor respirator equipped with a dust/mist prefilter should be use.
General Hygienic Practices:	Avoid breathing dust, vapor or mist. Avoid contamination of food, beverages, or smoking materials. Wash thoroughly after handling, and before eating, drinking or smoking. Remover contaminated clothing promptly and clean thoroughly before reuse.
