**EYES:** If product is in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Consult a physician and show him the product's container or label.

**SKIN:** If redness, dryness or other signs of irritation to the skin develop, wash affected skin areas with

plenty of warm water and soap. If irritation persists, consult a physician.

**Aggravation of Pre-existing Conditions:** N/A

---

**SECTION 5: FIRE FIGHTING MEASURES**

---

This product is **Highly Flammable**.

Keep away from sources of ignition -- No smoking

**Flashpoint:** -18 C/ 0F (IP 170)

**Autoignition Temperature:** 540 C/ 1,0

**Fire Extinguishing Media:**

Dry chemical, alcohol foam or carbon dioxide. Water may be ineffective. Water spray may be used to keep fire exposed containers cool.

---

**SECTION 6: ACCIDENTAL RELEASE MEASURES**

---

Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. Maximize ventilation and secure all sources of ignition. Sweep up spilled material or remove spilled material with absorbent material and place into appropriate closed container for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash before they are worn again.

---

**SECTION 7: HANDLING and STORAGE**

---

Use in a well-ventilated location and avoid breathing the vapors generated by this product. After using this product wash skin thoroughly with plenty of soap and water. If necessary, use a moisturizer after washing. Do not eat, drink, or smoke while handling this product. Keep away from excessive heat, open flames, sparks, and other possible sources of ignition. Do not store in damaged or unmarked containers or storage devices. Keep containers securely closed when not in use. Open slowly on a level, stable surface. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care. Avoid eye contact. As a precaution against exposure to the eyes this product should not be stored higher than waist level. Do not store where temperatures can exceed 120 °F. Clean all spills promptly and thoroughly. Keep away from children at all times!

---

**SECTION 8: EXPOSURE CONTROLS and PERSONAL PROTECTION**

---

Use with adequate ventilation (e.g., local exhaust ventilation, fans).

No special respiratory protection is required under typical circumstances of use or handling.

Hand protection is not required under normal conditions of use but this product may cause skin irritation in some sensitive individuals. Not not classifiable as a human carcinogen.

---

**SECTION 9: PHYSICAL and CHEMICAL PROPERTIES**

---

|                             |                                    |                              |
|-----------------------------|------------------------------------|------------------------------|
| <b>Specific Gravity:</b>    | (H <sub>2</sub> O=1) :0.85 81-0.84 | <b>Boiling Point :</b>       |

---

**SECTION 10: STABILITY & REACTIVITY**

---

Stable when stored properly in a closed container.

Avoid exposure/contact to extreme temperatures, strong light sources, sparks and/or a flame.

---

## **SECTION 11: TOXICOLOGICAL INFORMATION**

---

This product has NOT been tested on animals to obtain data. The toxicology data for the components of the product, which are found in scientific literature. The data includes CIR Reports which aren't presented here. This product is not reported to cause reproductive toxicity in humans. This product is not reported to produce mutagenic effects in humans. This product is not reported to produce embryotoxic effects in humans. This product is not reported to cause teratogenic effects in humans. This product is not reported to cause reproductive effects in humans. This product is not reported to be toxic to aquatic life.

---

## **SECTION 12: ECOLOGICAL INFORMATION**

---

The components of this product will degrade over time into a variety of organic compounds. There is no specific data available for this product on its effects on Plants & Animals. There is no specific data available for this product on its effect on Aquatic Life.

---

## **SECTION 13: DISPOSAL CONSIDERATIONS**

---

Dispose in accordance with local, state and Federal hazardous waste laws.

U.S. EPA Characteristic Waste: D001 (ignitability)

---

## **SECTION 14: TRANSPORTATION INFORMATION**

---

### **US Department of Transportation Classification (49CFR)**

Identification number UN 1219

Class Division 3

Packing group II

Hazardous subs/material Isopropanol/ 5,000lb

### **IMDG**

Identification number UN 1219

Class Division 3

Packing group II

### **IATA**

Identification number UN 1219

Class Division 3

Packing group II

---

## **SECTION 15: REGULATORY INFORMATION**

---

### **United States:**

This product complies with the Food and Drug Administratio

Page 4 of 8  
Cosmetic Regulations. Available animal and clinical data per the CIR Expert Panel reports concludes that individual ingredients and product are safe as a cosmetic ingredient in the present practices and concentrations.

S2: Keep out of reach of children.

S9: Keep container in a well-ventilated place

S16: Keep away from sources of ignition -- No smoking

R11: Highly Flammable

**Flammable**

**Irritant-Xi**

R36: Irritating to eyes

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S46: If swallowed, seek medical advice immediately and show this container or label to the medical professional.

R66: Repeated exposure may cause skin dryness or cracking

R67: Vapours may cause drowsiness and dizziness
